UPPSALA

The series of String-Math conferences has developed into a central event on the interface between mathematics and physics related to string theory, quantum field theory and neighboring subjects. The conference will take place July 1-5 in the main building of Uppsala University. There will be popular talks on July 6.

The String-Math 2019 conference is organised by the Department of Physics and Astronomy and by the Department of Mathematics of Uppsala University with the support from the grant "[Geometry and Physics](#)" from the [Knut and Alice Wallenberg foundation](#).

July 1-5, 2019 (public talks on July 6)
