

TOHOKU
UNIVERSITY

What is Tohoku Forum for Creativity?

The Tohoku Forum for Creativity has been offering forums to collaborate for the creation of new knowledge. Our main activities are the “Thematic Program”, which aims to contribute to solving significant problems facing humanity; the “Junior Research Program”, in which young researchers take the initiative in new challenges; and the “Future Society Design Program”, which targets to solve social issues in collaboration with industries. We also foster young researchers through their active participation.

Tohoku Forum for Creativity
FY2026

Thematic Program

Call for Proposals

What we offer

01 | Financial support

Up to 10,000,000 JPY[Type A] and
Up to 5,000,000 JPY[Type B] for each program,
for visitors' travel expenses, and other
expenditures.

02 | Support from TFC staff

We help organizers plan their programs and
give comprehensive administrative and logistic
support to each program.

03 | Ideal location

The House of Creativity has a lecture theater,
informal discussion areas, and office space for
invited researchers, which together make it the
perfect location for workshop and symposia.
