

Weaving Your Network, Weaving The Academic Ecosystem

織り手

SPEAKERS

- YUZURU SATO**
Hokkaido University
- HIDEKI OHIRA**
Nagoya University
- KENJI TOMA**
Tohoku University
- TOSHIYUKI TABATA**
Laser Systems and Solutions of Europe (LASSE)
- YUI ARIMATSU**
UNESCO
- YU-CHING LIN**
Goertek Technology Japan

Networks between experts can provide numerous benefits. Examples include exchanges of knowledge, inventing novel ideas, and broadening our perspectives. This symposium aims to improve networking skills of young researchers and reform Japanese academia's view on networking: we reconsider networking as a tool to recognize and rebuild the structure of the academic ecosystem, eventually leading to the establishment of new roles of researchers and universities in the ecosystem.

[This symposium is held in Japanese]

DATE/VENUE

2018
7.11
[wed.]

TOKYO ELECTRON House of Creativity
Tohoku University

PROGRAM

Part 1 | Weavers in Academia

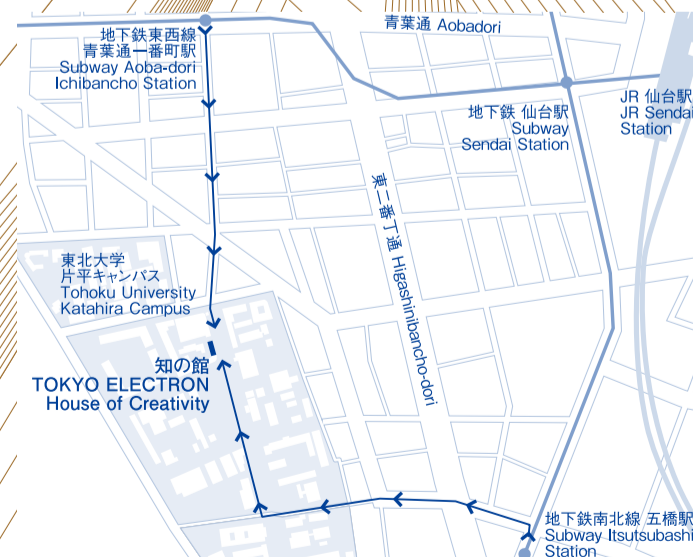

- 9:30 Opening Remarks
HAYASAKA TADAHIRO
[Director, Tohoku University Executive Vice President (for Research)]
- 9:35 Keynote Lecture 1
YUZURU SATO [Hokkaido University] <50min.>
- 10:25 Keynote Lecture 2
HIDEKI OHIRA [Nagoya University] <50min.>
- 11:15 Keynote Lecture 3
KENJI TOMA [Tohoku University] <50min.>
- 12:05 Lunch-Time <90min.>

Part 2 | Weavers outside of Academia

- 13:35 Lecture 1 |
TOSHIYUKI TABATA [Laser Systems and Solutions of Europe (LASSE)]
- 14:15 Lecture 2 |
YUI ARIMATSU [UNESCO-Hiroshima University]
- 14:55 Lecture 3 |
YU-CHING LIN [Goertek Technology Japan]
- 15:35 Coffee Break <15min.>
- 15:50 Panel Discussion
TABATA, ARIMATSU, LIN, DIARE student. [Facilitator KOHEI TAMURA]
- 17:30 Concluding Remarks
TOSHIYUKI HAYASE
[Director, Frontier Research Institute for Interdisciplinary Sciences (FRIS)]
- 18:00 Information Exchange Meetings
