

# International Joint Seminar on New Horizons in Animal Science

**YANGZHOU Univ.**  
**× TOHOKU Univ.**

## Timetables

-Opening remark 9:30-9:35(CST)  
Dr. Nochi

-Presentation 1 [Details](#)  
SHINYA YAMAUCHI

"Roles of mannosylerythritol lipid-B components in antimicrobial activity against bovine mastitis-causing *Staphylococcus aureus*"

-Presentation 2 [Details](#)  
KAORI ITO

"Elucidation of the function of Polymeric immunoglobulin Receptor (PigR) as a regulator of milk IgA"

-Break (10mins) 10:25-10:35(CST)

-Presentation 3 [Details](#)  
WANG JINGLIN

"Effects of different Manganese sources and concentrations on production performance, serum biochemistry and rumen fermentation of dairy cows"

-Presentation 4 [Details](#)  
MA QIANBO

"Antioxidant effect of *Artemisia argyi* extract and its regulation on inflammation in mammary epithelial cells of Dairy cows"

-Closing remark 11:25-11:30(CST)  
Dr. Zhao

## Date

Sep 30, 2021  
9:30~11:30(CST)  
10:30~12:30(JST)

## Place

Tohoku Forum for  
Creativity & zoom  
application

## Notes

Each Presentation  
Contains of  
Presentations +  
(15mins)  
Questions & Answers  
(5mins)
